Professional Summary

Results-driven SaaS Sales Professional with 6 years of progressive experience scaling pipeline generation and revenue expansion from mid-market to enterprise segments. Demonstrated track record of rapid promotion from SDR to Senior Account Executive within mid-tier high-growth B2B SaaS environments. Expert in executing consultative, value-based sales methodologies (MEDDPICC, Challenger) to consistently exceed pipeline and closing quotas.

Professional Experience

COMMERCEFLOW INC. (Mid-Market E-Commerce SaaS)	Singapore
<i>Senior Account Executive / Mid-Market Account Executive (MDR)</i>	<i>Jan 2023 – Present</i>

- Achieved 118% of FY24 annual ARR quota (\$1.2M target), closing 24 net-new mid-market logos with an average contract value (ACV) of \$50K.
- Attained 124% of FY25 Year-To-Date target by implementing a structured multi-stakeholder discovery process, reducing the average sales cycle length from 90 days to 68 days.
- Managed the end-to-end sales lifecycle for over 150 accounts across the SEA region, executing product demonstrations, commercial negotiations, and multi-year contract structuring.
- Partnered with Solutions Engineers and Product teams to run technical scoping sessions, resulting in a 95% win-rate against legacy competitors in late-stage evaluations.

LOGIXAI (B2B Supply Chain Automation SaaS)	Singapore
<i>Market Development Representative (MDR) / Senior SDR</i>	<i>Jun 2021 – Dec 2022</i>

- Promoted from Inbound SDR to MDR within 9 months due to top 5% performance in pipeline contributions and rigorous qualification standards.
- Generated \$2.4M in qualified pipeline for the enterprise sales team, consistently achieving an average of 112% of monthly Sales Qualified Lead (SQL) quotas.
- Designed and deployed hyper-personalized multi-channel outbound sequences (Email, LinkedIn, Cold Call) targeting C-level Supply Chain and Operations executives across APAC.
- Pioneered a collaborative account mapping strategy with regional Account Executives that increased outbound target-account response rates by 35%.

CLOUDVAULT TECHNOLOGIES (Data Security SaaS Startup)	Singapore
<i>Sales Development Representative (SDR)</i>	<i>Jul 2020 – May 2021</i>

- Exceeded outbound call and email activity KPIs by 125% weekly, executing 60+ cold touches per day to build pipeline from a zero-base territory.
- Sourced 48 Sales Accepted Leads (SALs) that yielded \$650K in closed-won ARR during tenure, earning the "SDR of the Quarter" award in Q1 2021.
- Mastered foundational B2B SaaS frameworks including BANT qualification, handling complex technical objections, and leveraging CRM systems to track intent data.
